

COLO-PREVENT

A platform for developing COLOrectal cancer PREVENTion therapies

Welcome to our monthly newsletter. See what we have been up to this October, don't forget to have a read of our reminders and follow us on **Twitter** for updates and more!

PARTICIPANTS RANDOMISED

A special mention to Norfolk and Norwich in particular for their recruitment this month, **2 patients randomised just one day apart!** This makes them among the top recruiters joining King's Mill Hospital.

25

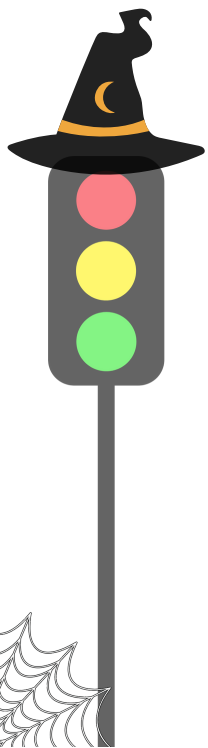

Thank you to every staff member and participant alike for contributing to the trial. **None of this would be possible with you!**

TRIAL UPDATES

- After some delays, we have now completed the second round of end user testing of the **CRF database** for the Main trial. We are fast approaching roll out so keep an eye out for updates
- The **substantial amendment** is to be submitted to sites for review next month. This will involve roll out of the **Resveratrol sub-trial**

REMINDERS

We all forget things sometimes, here are some gentle reminders. Please get in touch if you require further support or have any questions.

- You will not be able to access the live database **without confirming with us first that you are MACRO trained**, please get in touch if you have not already
- Complete **all relevant fields** in your **Screening Log** in the **Excel** format or **provide a reason** by email if you are leaving missing data
- Please let us know of any **protocol deviations** via email

Please give us feedback and get in touch with the Trial Team at coloprevent@leicester.ac.uk
